

Get-Up

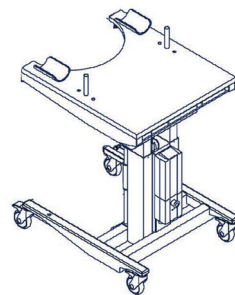

Mobile standing/ supporting table
Electrical height adjustable table and person-lifter

- The height of the table may be adjusted from 75-135cm to suit the need of the user.
- The table and the person-lifter may be activated separately or simultaneously.
- The table is provided with underarm-supports and handles supporting the user in shifting from sitting to standing position or standing at the table.
- Knee- and back-supports may be mounted to help the user to get up or stand up.
- Get-Up may be used for training purposes in ergo- and physiotherapies or as an aid in the home for daily activities in a standing position.
- Get-Up enables disabled users to rise to standing position and relieves the personnel in their work assisting the user.
